

Byomic Kids Insect Explorer Set – 22 Pieces

 **Discover. Catch. Explore.**

Introduce children to the fascinating world of insects with the Byomic Kids Insect Explorer Set – 22 Pieces. Designed for young explorers aged 3 and up, this colorful educational set is made from sustainable wheat straw bioplastic, offering safe and sturdy tools for outdoor adventures, school projects, or garden explorations.

What's in the set?

- **Multifunctional whistle with compass and flashlight** – 3-in-1 tool for navigation, safety, and fun.
- **Binoculars** – Lightweight, durable, and child-friendly for spotting birds and butterflies in the distance.
- **Safety scissors** – Rounded tips for safe crafts and nature studies.
- **Tweezers** – Gently pick up insects and finds, promoting fine motor skills.
- **Educational cards** – Colorful illustrations with English and Dutch names like “ladybird” and “lieveheersbeestje.”
- **Insect jar with magnifying lid and cord** – Air holes and built-in magnifier for temporary observation.
- **Clip rings** – Easily attach tools or discoveries to a backpack or vest.

Why choose the Byomic Kids Camping Set?

- ✓ Specially designed for young children – safe, lightweight, and durable
- ✓ Encourages imagination & exploratory learning – supports STEM and outdoor education
- ✓ Compact and easy to carry – ideal for holidays, the garden, or school projects
- ✓ Perfect gift – cheerful packaging, ready to enjoy

Let your child take their first steps into the world of camping and nature discovery. Give them the tools to explore, learn, and have endless fun.
