

Byomic Insect Explorer Set XL – 21 Pieces

 **Camping. Exploring. Learning.**

The Byomic Insect Explorer Set XL – 21-pieces is perfect for young adventurers aged 3 and up who love camping, discovering and learning in nature. Ideal for use in the garden, at school or on holiday! With this set, children build their own mini-camp and explore the world of insects in a fun and educational way.

What's included in the set?

- **Camping lantern** – Child-friendly lantern with handle and soft LED light.
- **Foldable play tent (yellow-brown)** – Easy to set up and fold down, perfect for roleplay.
- **Transparent backpack** – Lightweight and practical for carrying everything outdoors.
- **Magnifying glass** – Sturdy and clear, for discovering small details in nature.
- **Binoculars (child model)** – Compact and colorful, ideal for spotting birds and butterflies.
- **Tweezers** – For carefully and safely picking up insects and natural finds.
- **Insect container with lid** – Transparent and safe for temporary insect observation.
- **Whistle with compass and flashlight** – 3-in-1 accessory for play and orientation.
- **Educational cards** – With colorful insect illustrations for recognition and language development.
- **Safety scissors** – Child-friendly design with rounded edges, suitable for crafting.
- **Insect net (yellow)** – For gently catching butterflies or other insects.
- **Attachment rings** – To clip tools or containers to the backpack or tent.

Why choose the Byomic Insect Explorer Set XL?

- ✓ Child-safe, CE-certified and educational
- ✓ Encourages independence, imagination and STEM skills
- ✓ Ideal for outdoor use – garden, campsite, forest or school

Let your child take their first steps into the world of camping and nature discovery. Give them the tools to explore, learn, and have endless fun.
